

## REMARKS

The Office Action of November 28, 2005 requires a separate paper listing the changes and status of all claims. See attached itemized list. The Action also requires that all "new claims" in reissue be underlined, whether currently amended or not. Claims 22-54, added in reissue, are now underlined. Claims 1-22 are "original," having issued in the original patent, and "pending."

T

### **Claims 37-40, New Matter Rejection:**

Claims 37-40 were rejected under 35 USC 251 as being based on new matter added to the patent for which reissue is sought. The examiner states that a screen "jacket" is not taught by the original application. The word "jacket" does not appear in the specification and so has been removed from the amended Claims 37-40, although introduction of the term "jacket" was not intended to teach previously untaught matter. These claims are new claims in reissue and pending in this application.

Claims 1-22 are original and pending in this application.

Claims 22-36 are new claims in reissue and pending. No current amendments thereto.

Claims 41-54 are new claims in reissue and pending. No current amendments thereto.

The Claims are believed to be allowable, and such action is respectfully requested. If the examiner is of the opinion that prosecution of this Office Action would be expedited by a telephone interview, please do not hesitate to call Peter Schroeder at 214-220-0444.

The Commissioner of Patents is hereby authorized to charge any fees or overpayments to Deposit Account No. 50-3037. A duplicate copy of this fee authorization sheet is enclosed for this purpose.
